Profile Summary

Product & UX Designer with 7+ years of experience across digital product design, enterprise platforms, e-commerce, and visual design. I specialize in simplifying complex workflows through user research, information architecture, interaction design, and accessibility. At Best Buy and Fidelity Investments, I've worked with cross-functional teams to improve product experiences, translate business complexity into intuitive interfaces, and create scalable design solutions.

Core Competencies

- **Product & UX Design:** UX Strategy, Information Architecture, Interaction Design, User Flows, Wireframing, Prototyping, Design Systems, Visual Design
- **Research & Strategy:** User Interviews, Usability Testing, Heuristic Evaluation, Competitive Analysis, Research Synthesis, Design Validation
- **Specializations**: Enterprise UX, E-commerce, Product Listing Pages, Internal Tools, Complex Workflows, Accessibility (WCAG), Responsive Design
- **Leadership & Collaboration:** Cross-functional Collaboration, Stakeholder Management, Design Critiques, Mentoring, Product Discovery, Agile/Scrum
- **Tools:** Figma, FigJam, Miro, Dovetail, Adobe Photoshop, Adobe Illustrator

Professional Experience

Experience designer @ Best Buy

JULY 2026 – PRESENT

- Redesigning workflows within Worksite, an internal field-operations platform supporting delivery, installation, repair, and appointment management.
- Restructuring appointment-detail information architecture and creating stage-aware interactions to improve task clarity, information accessibility, and field-agent decision-making.
- Developing user flows, wireframes, and interactive prototypes to simplify complex operational processes and support end-to-end appointment experiences.
- Conducting UX audits of e-commerce Product Listing Pages (PLPs), identifying inconsistencies across web and app experiences, including sponsored placements, product information, and visual hierarchy.
- Exploring improvements to third-party product discovery and carousel experiences through competitive analysis, interaction concepts, and design iterations.
- Collaborating with product managers, engineers, and cross-functional stakeholders to evaluate design options, validate interaction patterns, and align solutions with user and business needs.

User Experience Designer (G5 – Lead Responsibilities) @ Fidelity Investments

JAN 2026 – JULY 2026

Promoted to Grade 5 in recognition of leadership, product ownership, and contributions to enterprise accessibility initiatives.

- Led end-to-end UX design for enterprise applications, translating complex business requirements into intuitive, scalable, and accessible digital experiences.
- Contributed to the modernization of a 20+ year-old trade compliance platform, improving information architecture, navigation patterns, and the usability of complex compliance workflows.
- Conducted stakeholder interviews, usability evaluations, heuristic assessments, and research synthesis to identify user needs and guide design decisions.
- Created user journeys, wireframes, interactive prototypes, and high-fidelity designs, collaborating with product managers and engineering teams throughout implementation.
- Championed accessibility-first design practices, incorporating WCAG principles and inclusive interaction patterns into enterprise product experiences.
- Facilitated design critiques, stakeholder workshops, and cross-functional reviews to align product direction and improve design quality.
- Mentored UX designers through knowledge-sharing sessions, accessibility advocacy, and constructive design feedback.

Associate User Experience Designer @ Fidelity Investments

JAN 2024 – DEC 2025

- Designed user experiences for enterprise web applications, translating business requirements and user insights into structured workflows and intuitive interfaces.
- Supported user research, stakeholder interviews, usability testing, and heuristic evaluations to identify opportunities for product improvement.
- Created information architecture, wireframes, prototypes, and high-fidelity designs aligned with usability and accessibility principles.
- Collaborated with product managers, researchers, engineers, and business stakeholders to refine designs through iterative feedback.

Associate Graphic Designer @ Fidelity Investments

MAY 2021 – DEC 2023

- Designed visual assets, digital communications, and enterprise-facing experiences while maintaining consistency with established brand and design guidelines.
- Supported UX and cross-functional teams with visual design, UI components, and communication materials for internal and client-facing initiatives.
- Collaborated with creative and product teams to improve visual consistency and clarity across digital touchpoints.

Art Director @ Langoor Digital

JUL 2020 – MAY 2021

- Led visual direction for digital products, brand experiences, and marketing initiatives, aligning creative solutions with client and business objectives.
- Guided designers on visual consistency, interaction principles, and creative execution across multiple client projects.
- Collaborated with clients and internal stakeholders to translate business requirements into engaging digital experiences.

Graphic Designer @ Langoor Digital

AUG 2019 – MAY 2020

- Designed responsive website concepts, landing pages, digital campaigns, and brand communication assets across client projects.
- Collaborated with creative and development teams to deliver visually consistent, user-focused digital experiences.

Graphic Design Intern @ Langoor Digital

MAY 2019 – JUL 2019

- Supported creative teams in developing visual assets and digital marketing campaigns, gaining hands-on experience in brand and digital design execution.

Selected Project Experience

- **Worksite — Field Operations Experience | Best Buy**
  Redesigning appointment workflows, information architecture, and contextual interactions to help field agents navigate complex delivery and service operations.
- **Search & Product Discovery | Best Buy**
  Evaluating Product Listing Page inconsistencies across web and app experiences and exploring improvements to third-party product visibility, carousel experiences, and product discovery.
- **Secure Trade Compliance Platform (STCP) | Fidelity Investments**
  Contributed to modernizing a legacy enterprise compliance system through UX research, information architecture, workflow simplification, and accessibility-focused design.

Education

Bachelor of Visual Arts (Applied Arts) @ Karnataka Chitrakala Parishath

2015-2019

Recognition and Leadership

- FMRI Excellence Award — Inclusion Catalyst | Fidelity Investments: Recognized for contributions to inclusion and accessibility initiatives.
- Indian Sign Language Community: Co-founded and facilitated an ISL learning community to promote accessible communication and inclusive workplace practices.
- UX & Accessibility Advocacy: Conducted workshops, knowledge-sharing sessions, design critiques, and mentoring activities to strengthen design practices and accessibility awareness.
